

ASSESSMENT PEER REVIEW ✓

A tailored quality
assurance process

We work with you to enhance learning outcomes and the overall experience for learners

What is Assessment Peer Review?

Assessment Peer Review (APR) is a quality assurance process for assessment.

Training organisations use the VETASSESS Assessment Peer Review service as part of their continuous improvement process, to enhance learning outcomes and the overall experience for their learners.

A VETASSESS Assessment Peer Review provides a structured process for our experts to work alongside your assessors to support them with feedback on their tools and practice.

Give your learners and employees a more connected and enhanced learner journey

We work with you to understand your framework, your cohort of learners and what you require, and we provide solutions during the process.

We provide this service for:

- » TAFEs
- » Enterprise RTOs
- » School RTOs
- » Private/Commercial RTOs
- » Community VET providers
- » Group training organisations
- » Industry associations
- » Professional associations
- » Employment support services providers

Assessment Peer Review is NOT an audit. It's a process of independent and impartial evaluation where we work collegially with your assessors and organisation.

VETASSESS is a trusted partner to individuals, industry and governments in skills assessment and education services

The value of Assessment Peer Review

The benefits of Assessment Peer Review with VETASSESS include:

» **Providing assurance that standards are met**

We will help your organisation identify the relevant standards assessed against and evaluate assessment tools and practice to determine their effectiveness in meeting quality standards.

» **Developing consistency in practice between assessors**

We work as colleagues with your team to compare existing practices and develop strategies to embed best practice.

» **Creating uniformity of tools, resources and strategies**

We help you develop templates and standards for assessments, so that redeveloped tools and resources are consistent.

» **Enhancing your learners' experience**

Give your learners and employees a more connected and enhanced learner journey with consistent processes and high-quality assessment tasks, such as:

- » Ensuring your assessment system meets the needs of learners with additional needs.
- » Confirming your assessment strategies are flexible for different cohorts (for example part-time and full-time cohort groups).

What can be peer reviewed?

The context of every Assessment Peer Review is different, and we tailor our service to your requirements.

A review may cover:

» Standards used

» Strategy and current practices

» Assessment tasks

» Assessment tools

» Mapping documents

» Marking guide

» Unit outlines

» Feedback given to students

» Degree of tools and practices meeting the Principles of Assessment and Rules of Evidence

Our reviewers use a peer approach to reviewing tasks and practices.

They have expertise in assessment development and instructional design, and they also bring to the task in-depth knowledge of various frameworks and learner characteristics.

How much does APR cost?

Our pricing is based on the solution you require.

We discuss your needs and give you a quote based on the complexity of the task.

Our people have in-depth knowledge of various frameworks and learner characteristics

How we work

We have a collaborative process that:

- » Assists your organisation to:
 - » Evaluate performance against current classification requirements, industry standards and capability frameworks
 - » Develop specific tasks to improve assessment practice, tools and resources
- » Supports assessors in engaging with organisational requirements and other standards
- » Gives assessors a pathway to review and continuously improve their own assessment practice
- » Enables assessors to enhance their practice through customised action plans.

We work as colleagues with your team to compare existing practices and develop strategies to embed best practice.

What is involved in the APR process?

Why VETASSESS?

We've been working in assessment for more than 20 years and we bring an experienced and highly qualified team to the task.

As a registered training organisation (RTO no. 21097) for the purposes of assessment, we are impartial and independent.

We're a government-owned business enterprise and a trusted partner to governments, enterprises and industries.
